Suppl. Fig. 1

A) Western blot showing CUX1 and Actin expression in Bon-1 cells treated with siCUX1 or siC.

B) Graph showing relative cell viability (%).

C) Graph showing relative cell proliferation (%).

D) Western blot showing CUX1 and Actin expression in Bon-1 cells treated with Mock or CUX1.

E) Graph showing relative cell viability (%) at 24h and 72h.

F) Graph showing relative cell proliferation (%) at 24h and 72h.

* indicates statistically significant difference.
